**TO BE COMPLETED AT TIME OF REGISTRATION & WHEN IMMUNIZATIONS UPDATED**

Child Care operators are required by the *Child Care and Early Years Act, 2014, Reg 137/15, s.35* to ensure that all infants and children attending a child care centre are fully immunized as recommended by the local Medical Officer of Health, or have documentation in writing of the parent/guardian's reason why the child is not immunized. [Please note that once your child attends school, additional documentation is required under the *Immunization of School Pupils Act* if you choose not to immunize. Please contact Hastings Prince Edward Public Health (HPEPH) to discuss your options.]

**Complete the following section and attach a copy of your child's immunization record (ensure child's name and date of birth are on the record).** A copy of this information will be given to and kept on file by HPEPH. Public Health staff will review immunization information on each child enrolled in a Child Care program. If your child's immunizations are not complete you will be contacted by either your Child Care Centre or HPEPH.

### Child Care Registration Information for Parents & Guardians

The *Child Care and Early Years Act* requires all children entering daycare to be immunized according to the publicly funded immunization schedule for Ontario (tetanus, diphtheria, polio, pertussis, Hib, pneumococcal, measles, mumps, rubella, meningococcal and varicella).

When you register your child with the child care provider you will be asked to complete the “Child Care Centre Immunization History” form and provide a copy of your child’s immunization record. A copy of this information will be kept on file at the child care centre and the other will be sent to Hastings Prince Edward Public Health (HPEPH).

If you wish your child to be exempt from immunization, please contact HPEPH, who will provide you with the required form for you to complete. The original form will be kept on file at HPEPH, and a copy will be provided to the child care centre.

The following chart shows the required routine immunization schedule for children in Ontario up to 6 years of age. **There are additional immunizations required after 6 years of age.** Please review the chart to ensure your child is up-to-date.

### Updating Immunization Records

When your child receives an immunization, please inform your child care centre. This will help to ensure that public health and your child care centre records are up-to-date.

If you do not have your child’s immunization records, contact your health care provider or the location where your child received immunizations. If your child’s immunization records are not complete or the record is not available, call our Immunization Team at 613-966-5500 x221.

Public Health is committed to providing accessible programs and services to all. To request this or any other publication in an alternative format, please contact us by phone at 613-966-5500 or by email at [accessibility@hpeph.ca](mailto:accessibility@hpeph.ca)
