

# Youth Programs & Membership Payment Update

**October 29, 2020**

The YMCA of Central East Ontario planned to start processing Youth Membership payments in November with the introduction of child and youth programming. Due to low enrollment numbers in youth land programs, we will not process membership fee payments for Individual Child/Youth memberships for November and December, and we will be cancelling land programs that were due to start November 2.

We will proceed with private swim lessons as planned. Individuals that are registered for swim lessons will have their memberships charged as they must be an active member to use the facility.

We will be re-opening the Treehouse in Belleville and Peterborough (pre-booking required), opening up additional family swim times and also introducing open gym times. Any member who wishes to partake in a YMCA program/service must reactivate their membership.

We look forward to offering various programs in the new year to keep youth engaged in a safe space while making new friends, learning new skills and staying active.
