YMCA Community Well-Being Survey

The challenges we have faced as a charity have really challenged our business model and led us to a place where we need to connect and engage our communities to identify areas where we, as a YMCA, can truly impact and change lives.

We are reaching out to our members, donors, friends, business, and community leaders requesting assistance in helping us prepare to meet the future needs of the our communities.

We would greatly appreciate it if you could take a few moments to complete our survey. Responses will be collected until April 30th.

Thanks to everyone who has already taken the time to complete our survey.
