## **Your Y Is Here 2021 Campaign**

What would your community look like without the YMCA? This is a question we never thought we would have to ask. However, the past year has brought challenges for people and businesses around the world. Your YMCA is Here today, but we need your help to ensure that we will be here in the future.

Multiple provincial closures have left the YMCA of Central East Ontario in a vulnerable position and it is not possible for us to recover through our traditional membership model. Since March 2020, we have worked hard to support our communities by providing child care for essential workers, emergency day camps, an emergency isolation shelter, financial support for families, virtual programming and enhanced sanitation, infrastructure and safety procedures for our staff and members' protection.

As we move forward, we will continue to serve those that need our services the most during these difficult times. Furthermore, we know that the YMCA will play an extremely important role in the rebuilding of our communities post-pandemic, but we cannot do this alone. We need your help. Your support will allow us to remain in the community for many years to come.

### Member Testimonials

Our experience has been so wonderful with the emergency child care. Every day when we pick her up she tells us how amazing her day has been! The staff are truly giving her the best school experience she could ever have. Her teacher has told me how great she is doing with her online learning (participating, submitting her work) and I know this is all because of the amazing staff. Thank you all for being such a great support during these times. You are appreciated more than you know!

### Join Our Team

We are hiring a Kids Club Coordinator for the Belleville/Quinte region to provide hands-on leadership and support for the licensed after-school programs so that they reflect YMCA principles and standards. Complete job posting details are available at <https://ymcaofceo.ca/careers/>
